Part 1

Questions 1 to 8 *are based on the given stimuli.*

Study the information carefully and choose the **best** *answer* **A, B** *or* **C.**
For each question, mark your answer on the answer sheet.

SUNGAI PETANI: A food manufacturing factory in the Angsana Light Industrial Area near here has been ordered to cease operations for discharging a cloudy yellowish liquid into the public drainage system. The State Environment Department said the action was taken under the Environmental Quality Act 1974 and the premise was instructed to carry out improvement works to address the issue.

1 What is the main idea of the news report?

A A factory was ordered to stop operating because it polluted public drainage.

B The State Environment Department will address the issue.

C The factory has been in operation since 1974.

Brazilian spinach grows well in hot tropical climates, unlike regular spinach that prefers cool weather. It is easy to grow and resistant to pests, so it is often called "Poor Man's Spinach." It has more iron and calcium than regular spinach and is rich in Vitamins K and C. It can be eaten raw, however, cooking it reduces oxalic acid and helps mineral absorption.

2 Why is Brazilian spinach considered a good alternative to regular spinach?

A It requires hot weather and attracts a lot of insects.

B It has no oxalic acid and must be cooked before consumption.

C It grows well in hot climates and provides high nutritional value.

Chatbots and virtual assistants powered by AI are increasingly used to answer patients' questions, schedule appointments and provide basic medical emergency guidance. They improve accessibility and reduce doctors' administrative workload. However, AI assistants are not a substitute for professional medical advice and cannot handle complex or emergency cases.

5 What does the text say about AI technology?

A It reduces doctors' workload but cannot replace professional advice.

B It is gradually replacing doctors in hospitals by handling most patients' queries.

C It is useful for administrative tasks like scheduling but cannot provide any medical guidance.

Today's young people spend their money differently than previous generations. While they still pay for food and travel, they spend a lot on digital services like Netflix and also new gadgets. Apart from that, social media influences them to spend on experiences such as eating out with friends and keeping up with the latest trends. Though eco-friendly outfits are expensive, some buy them to help the environment.

6 The spending habits of today's youth differs from the older generations because …

A they only buy trendy clothes.

B of the types of products and services they prefer.

C they no longer spend money on holidaying or eating out.

Part 2

Questions 9 to 18 *are based on the following passage.*

Read the passage carefully and choose the **best** *answer* **A, B, C** *or* **D** *to fill in each blank.*
For each question, mark your answer on the answer sheet.

The future of work in a digital world

The future of work is changing rapidly as digital technology becomes more common in almost every industry. Advances in computers, the internet and artificial intelligence have transformed how people work, communicate and **(0)** _____ tasks. Many jobs that once required physical presence can now be done remotely, thus allowing employees to work from home or other locations. This shift offers greater flexibility, reduces stress and helps workers achieve a better work-life **(9)** _____. It also reduces time spent on travelling which can increase overall job **(10)** _____.

One major change in the digital world of work is the rise of automation. Though machines and software can increase efficiency, it also raises concerns about job **(11)** _____. Workers may worry that machines will replace human labour. Nonetheless, technology also creates new job opportunities, where human creativity and decision-making are still **(12)** _____.

In the future, workers will be expected to be more flexible and willing to learn continuously. Digital skills, problem-solving abilities and critical thinking are becoming more **(13)** _____ than traditional manual skills. As a result, lifelong learning is no longer a choice but a necessity for staying competitive in the job market and adapting to **(14)** _____ changes.

Online meetings, cloud-based platforms and instant messaging tools make collaboration faster and more convenient. Teams can now work across different countries and time zones, which encourages global **(15)** _____. This allows companies to hire talent from different backgrounds and **(16)** _____ perspectives.

Despite these advantages, the digital workplace also brings challenges. Issues such as work-life balance, data privacy and cyber security must be carefully **(17)** _____. Employers play an important role in ensuring that technology is used in an efficient and responsible manner.

In conclusion, if individuals, companies and governments work together to **(18)** _____ for these changes, technology can create a more productive, inclusive and sustainable working environment for everyone.
