范文 Model paragraph

The sky is blue with fluffy white clouds, and colourful birds fly overhead. Below them, clear water is flowing in the streams and leaves rustle in the breeze. Thick and lush green plants grow on both banks, and the sun sets beautifully behind the ocean. Standing there, everything feels calm and peaceful. Yet shrinking habitats threaten wildlife every year, so a clean and untouched environment is something our generation must protect.

范文 Model paragraph

The pleasant and cool weather in the highlands greeted us the moment we stepped off the bus. Green landscapes everywhere stretched to the edge of the sky, and farms growing vegetables lined the narrow road. For a city student like me, it was a refreshing escape from the hot lowlands. We walked past rare and endangered flowers and plants, breathing in the fresh and breezy atmosphere. It was a peaceful retreat from the busy city life, and for two days I could finally relax and unwind.
